

HELP NELLIE SAVE HER OCEAN FRIENDS FROM OUR RUBBISH

Nellie is here this July to help save her friends from our rubbish!

Here's her top tips:

- Leave only footprints - check you haven't left anything on the beach. Even toys harm marine life if left on the sand to wash out to sea.

- If the bins are full, take it home! Curious foxes and seagulls make a right mess of bags left by bins.

- Bring your own re-usable bottle, cup, lunchbox, bag. There are plenty of taps at the beach to refill.
